

CITY OF SPRINGFIELD  
INTER-OFFICE MEMORANDUM

ATTENTION OF \_\_\_\_\_ FILE \_\_\_\_\_

DATE 8-12-82 \_\_\_\_\_

DEPARTMENT \_\_\_\_\_

Today at approximately 12:30 p.m. a tractor trailer rig went off the road at Hiway M and Thompson Creek to avoid hitting two cars in an accident. The saddle tank was sheared off of the tractor and approximately 25 gallons of diesel fuel spilled into Thompson Creek.

Mr. Sieger, the land owner, was concerned that the diesel fuel would enter his pond via Thompson Creek and kill the fish which had been stocked. Gene Pabst and I did not think that there was enough diesel fuel to be cleaned up nor that the amount spilled would be a detriment to his fish.

On the way back into town we stopped by Madden Oil Co. (the owner of the tractor trailer rig) and informed them that they should report the spill to D.N.R. and E.P.A.
